SUPPLEMENT TO
REPORT NO.

25X1

THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES, WITHIN THE MEANING OF TITLE 18, SECTIONS 793 AND 794 OF THE U. S. CODE AS AMENDED. ITS TRANSMISSION OR REVELATION OF ITS CONTENTS TO AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW.

~~THIS IS UNEVALUATED INFORMATION~~

1. The Rembasa Machine Repair Plant was in Irmino (38°35' E/48°36' N), Ukrainian SSR, east of the Stalin mine, between the railroad line and the road to Kadeevka. *
2. The plant area, about 250x90 meters, was surrounded by a two-meter-high stone wall. The installation, dating back before the war, was re-equipped with modern machinery after the war. The plant has a railroad connection. *
3. Three hundred Soviets and 280 PWs worked in two shifts. Since 1948 only 100 PWs have been working one shift.
4. Construction and mining machines, electric motors, electric switch boxes or transformers, and of iron structures, tools, dump cars and tracks were repaired. Brick presses, reduction worm gears, conveyor baskets, iron structures for mines and electric switch boxes were manufactured. The plant also produced casings for electric instruments, the only semi-finished products delivered to the plant.

5. Except for the boiler forge, constructed by
PWS in 1946 and 1947, the plant was 15 to 20
years old. The machinery was new and a rail-
road connection was available. *

* comment. This small plant, obviously
of only local importance, is reported for the first
time. There are some slight variances in the
dimensions of the buildings and the railroad
connection. Annex 1 contains data given by a
constructor which are considered to be more
factual than the diagrammatic reproduction on
Annex 2. but the latter is considered a confi-
mation to Annex 1.

2 Annexes: Sketches.

Legend to Annex 1

Sketch A

- 1 Rembasa Machine Repair Plant
- 2 Stalin mine
- 3 Coal washing plant
- 4 Construction area
- 5 Stalin club house
- 6 Park
- 7 Bazaar
- 8 Mine 4/2/BIS
- 9 PW camp No 7144/8
- 10 Lenin club house
- 11 Road with street car line to Kadseevka
- 12 Main street

Sketch B

- 1 Forge with 10 firing places, two dies and two pneumatic hammers
- 2 Boring shop, buildings No 1 and No 2 are 80x20 meters and covered by a wooden gable roof
- 3 U-shaped building (front and wings 30x9x6 meters)
 - a. Administration
 - b. Magazine
 - c. Motor vehicle shop
 - d. Electric workshop
- 4 Construction office, stone structure, 10x6x5 meters, with gable roof
- 5 Model-making carpenter shop, 20x8x5 meters with brick roof
- 6 Foundry
 - a. Molding shop
 - b. Cupola furnace, 10 meters high and 1.5 meters in diameter
- 7 Lathe shop with seven lathes, one milling machine and two planing machines. Buildings No 6 and 7 measure together 80x10x6 meters and are covered by a brick roof
